

## **GENERAL POLICY**

Clothing should be comfortable and suitable for messy play as, even with the greatest care, paint and glue can ruin a new outfit. Our rooms get very warm, so a few layers of clothing may be better than a thick jumper or sweatshirt. Please do not send your children into the setting wearing belts, or braces. They can get very frustrated when having to tackle these when using the toilet. Many accidents can be avoided by using the pull on type of trousers and socks instead of tights. Please send your children in with a change of clothes. Wingle-Tye holds a limited stock of clothing but children often prefer to wear their own clothing.

**Coats and jackets should be named.** Our children have use of the outside area daily.

The wearing of jewellery is not encouraged as it is easily misplaced if removed and can sometimes lead to accidents. Wingle-Tye will not be held responsible for any loss or damage to jewellery.

Any bags brought into the setting should be a “**p.e.- type**” bag as storage is limited. The wearing of boots throughout the session is not encouraged as accidents may occur during p.e. sessions. Please make sure your child has a change of shoes.

**Packed lunch containers MUST be named and please avoid wrapping any food in cling film as this can be dangerous.**

Wingle-Tye encourages links with home and is happy for children to bring in comforters or toys. However this must be limited to one per child.

Car parking facilities are for staff only and must not be used. **On no account must parents/carers drive their car up to the Pre-School entrance.** Children should never be allowed to play or wander in that area and please ensure that older siblings are kept with you and do not play on the bars outside.

When you have collected your children, please ensure that they do not run off. Billet Lane is a very busy road and the stoned area outside Fairkytes Art Centre is dangerous if your children play and run on it.
